

2007-2008 CHAI Events

Operation Moses Speaker – CHAI held an event to educate students about the history of Ethiopian Jews. We had a grandfather of a student come and present slides from Operation Moses in which he participated.

Jewish National Fund (JNF) Speaker – At this event, we had a speaker come to explain carbon emission. He also went into depth as to how we can all make changes to easily improve the environment.

Israel at 60: Gallery Exhibit – To both commemorate Yom Hazikaron (the Israeli Day of Remembrance) and celebrate Yom Ha'atzmaut (Israeli Independence Day), the CHAI presented a special exhibit at the Hopkins Hillel featuring photography and music to reflect 60 years of Israeli history.

Israel@60 Film night: Dear Mr. Waldman - Dear Mr. Waldman is the story of Hilik, a ten-year-old boy living in Tel-Aviv during the sixties. Hilik knows he and his brother have one goal in life - to make his parents happy and compensate for the grief and loss they had suffered in the holocaust.

Israel@60 Israel Fair – CHAI celebrated Israel's 60th birthday with free food, t-shirts, nalgene bottles and lots of other free goodies in the Levering Courtyard on Wed, April 30th. Students were exposed to Israeli culture, learned about free trips to Israel and much more!

This event was co-sponsored by:
